

2021 Annual Report

Redford Brightmoor Initiative

A year full of new programs, deeper connections, and finding the joy and blessings during another challenging year.

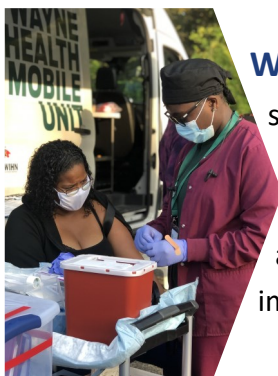

Here are the **NEW PROGRAMS** we implemented in 2021:

WAVE MOBILE SHOWERS

spent 13 Saturdays with us! Their clean and modern facilities, fresh towels and hygiene kits quickly became a hit with the community.

After recognizing the ongoing struggle of safe and reliable automobiles, RBI launched the **CAR CARE** program. With the assistance of volunteer mechanics, our clients received car advice, safety checks and fluid top ups on 16 Saturday mornings in Brightmoor.

WAYNE HEALTH MOBILE UNIT

spent 3 Saturdays with us, providing Covid testing, vaccines and boosters, flu shot, cholesterol and blood pressure checks and more! We are excited to host this important program each month in 2022!

HEALTHY EATING / HEALTHY YOU!

debuted at RBI last summer. A nutritionist with a passion for creative snacks and healthy eating shared her recipes (and samples!) with us on 6 Saturday mornings. Yum!

THANK YOU

to all of our new and returning donors and our amazing crew of volunteers!!

Without your support and generosity, RBI could never accomplish so much!

Looking forward to a healthy and productive 2022!!
